

EuroArt Productions and Leon Promotions, in collaboration with the Sicilian Regions and Municipalities, are pleased to present:

## ***The Sicily International Choir Festival***

***3rd Edition***

***27<sup>th</sup> - 29<sup>th</sup> October 2023***

Sicily, for thousands of years, has always been the perfect country for different cultures to meet up and lends itself in an excellent way as a meeting point between different musical cultures.

This non-competitive International Choir Festival is open for polyphonic choirs, gospel choirs, male or female or mixed choirs, white voices choirs, alpine choirs, local parishes choirs and even children choirs. The participating choirs will have the opportunity to perform their own songs and hence spread their choral culture and traditions with the other

participating choirs and the general public attending for the Festival. Music has no limits. It connects people from all over the world, and sometimes can even overcome any language barriers. Choral music helps to express feelings in many different ways and bring cultures, even the most distant, closer together.

In this sense, this Festival is targeted to be a good base for meeting and socialising, between the participating groups.

Eastern Sicily is well known to be a very popular tourist destination, both for the beautiful surrounding nature and even for the historic background of this area.

Three concerts will be organised in some of the most beautiful baroque churches in the region of Catania, Acireale and Taormina. Local Sicilian Choirs will also participate.

Each choir will be able to perform in its own style, which must be religious/ sacred, given that the concerts will be held in churches. Each choir can perform "a cappella", or accompanied by an organ or other musical instruments. The Organisation will arrange so that the church organ will be available for each performance. If the church organ, for some reason, cannot be used, it will be replaced by an electric piano/keyboard. Any other instrument must be brought by each choir. At the end of each Festival night, all participating choirs will unite and sing one song all together.

The group will be accommodated, based on the availability, in a 3  
\*\*\* or 4 \*\*\*\* star Hotel on half board basis.
