

THE
ROMAGNA
INTERNATIONAL
SPRING CHOIR
FESTIVAL *Italy*

EuroArt Production srl and Leon Promotions, are proud to present the third edition of the:

The Romagna International Spring Choir Festival

8th-10th May 2026

The Emilia Romagna is one of the most beautiful Italian regions, a region that managed to keep up both its rural nature and its maritime splendor. Each time someone travels to this Italian region, one can always explore new itineraries and unique experiences.

It is a vast well known worldwide region, where its people love to live and probably its also one of the best tourist destinations in Europe. Infact, Emilia Romagna is definitely unique in its landscapes and its famous seaside locations all around.

Hence this International Choir Festival is definitely going to be held in an excellent location and will definitely serve as the best encounter between different choral cultures.

This non competitive International Choir Festival is open for polyphonic choirs, gospel choirs, male or female or mixed choirs, youth choirs, alpine choirs, local parish choirs and even children choirs. The participating choirs will have the opportunity to perform their own songs and hence

spread their choral culture and traditions with the other participating choirs and the public attending for the Festival.

Music has no limits. It connects people from all over the world and sometimes can even overcome any language barriers. Choral music helps to express feelings in many different ways and bring cultures, even the most distant, closer together.

In this sense, this Festival is targeted to be a good base for meeting and socialising, between the participating groups.

It's quite easy to understand how much the Emilia Romagna region offers a natural and historical tourist destination. And we can also easily say, that this Festival, on a cultural and artistic level, can link quite well to the historical and cultural background of this Region.

The Festival will be spread on 3 different evenings in three beautiful baroque churches, such as those of Rimini, Riccione, Cesena, Ravenna and Cesenatico amongst others.

Each choir will be able to perform in its own style, which must be religious/sacred, given that the concerts will be held in churches. Each choir can perform "a cappella", or accompanied by an organ or other musical instruments. The Organisation will arrange so that the church organ will be available for each performance. If the church organ, for some reason, cannot be used, it will be replaced by an electric piano/keyboard. Any other instrument must be brought by each choir. At the end of the final Festival night, all participating choirs will unite and sing one song all together.

The groups will be accommodated in 3 *** star Hotels on half board or bed and breakfast basis.
